Description

The Palace wallpaper is inspired by the wonderfully opulent interiors of stately homes and palaces of the 18th Century. It features an image of a large hall adorned with beautiful paintings and chandeliers. It can be used to create an illusion of space and grandeur. It is printed onto finest quality 300g textured paper-backed vinyl wallpaper and is suitable for both domestic and commercial use. This product is made to measure to fit your wall, and priced per square meter. To place an order please email your dimensions to info@mineheart.com.
