## Description

This picture is a modern twist on the traditional pastoral portraits of the 18th century when landed gentry were depicted outside in their pleasure gardens and grottos. The deep aquamarine blues and greens of the dress and flowing water suggest that this painting would be perfect for creating a focal point in a bathroom. Theme: Renaissance painting, dutch style, extra large, ornate frame, oversized art, water Buy Online - <https://mineheart.com/water-is-not-enough-canvas/>
